

AN AWAKENING LOVE STORY... A HELL OF A WAY TO MEET A MASTER

“Oh my God, he wears sandals with socks!”

“And that shirt he has on, was that not the same shirt he wore on our last date? Doesn’t he have nicer clothes?”

“And why does he take the subway? Doesn’t he have a car?”

“How come he lives in Chinatown? What kind of man lives in that godforsaken neighborhood?”

“Oh, and the ‘F’ bombs he throws around with no regard to my delicate ears. Doesn’t he realize the importance of using an appropriate vocabulary?”

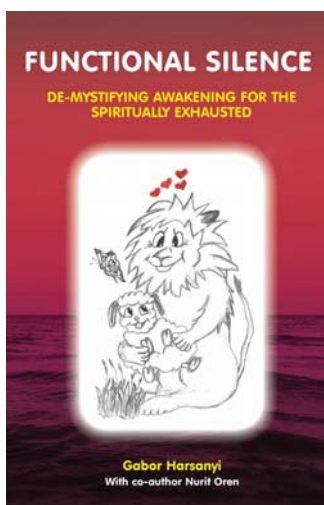

“Why isn’t he trying to impress me?”

Those were the thoughts that Nurit Oren used as a shield to protect herself upon meeting the man she feared would take her to the end of the very long spiritual search she was so addicted to. It was two and half years later, that her intuition got the better of her and caused her to stop her mind long enough to finally be able to recognize what was under her rebellious nose. This man that she also happened to admire for his outstanding peace, authenticity, wisdom, profound humility and exceptional listening skills, turned out to be none other than the Gabor Harsanyi, the Hungarian Master of Silence, she had been waiting to find for 60 years.

The love affair and conscious relationship that ensued, intertwined with teachings she had never been exposed to in all her 40 years, was nothing short of a miracle that is revealed in Nurit’s book. The magic between Gabor and Nurit continues to unfold as this couple demonstrates how a love based on presence can birth an offspring of wisdom in the form of Gabor’s book, which they created together for the benefit of those who are ready to awaken to their true nature.

A Few Book Reviews

"This book is a goldmine of liberating hints and is a 'must read' for anyone who is searching for guidance in this jungle of misleading information. I am simply delighted. I find the expressions and metaphors beautiful, enlightening and simply helpful to anyone who wishes to escape from the slavery that we have been conditioned to believe to be freedom. I am overwhelmed by the beauty, clarity and thoroughness of this work. In short, I have not read anything in this book that I could not sign. In Love, Samarpan"

Samarpan, satsang teacher, public speaker

"I have just finished reading the book 'Functional Silence - De-Mystifying Awakening for the Spiritually Exhausted' and I loved it for its simplicity, wisdom of direction and very sound pointers. I have known Gabor Harsanyi for many years and when I left Toronto in 1984 he was still a seeker. When I watched him years later on U.K. Conscious TV I saw a man who had found himself. Gabor wrote in this book 'As the creator, would you make the road difficult for your children to return Home?' In like manner, Gabor's book is designed to open the eyes to the possibility of a new way of seeing the simplicity and obviousness of the reality of Life. I highly recommend this book to anyone who is serious about waking up to the truth of Being. Thank you Nurit and Gabor for this privilege. Love, Burt"

Burt Harding, author, spiritual teacher, founder of Awareness Foundation

"I enjoyed very much meeting and interviewing Gabor. It is always really inspiring to meet someone who has had such a challenging path and in spite of so many obstacles, is able to find peace and wisdom and finally start to rest in the ground of being. I felt that with Gabor."

Iain McNay, founder of Conscious.TV

"When I had the privilege of looking into Gabor's eyes, I looked into the eyes of an ageless child, the eyes of innocence. The child within me felt totally seen with unconditional love. No story, no judgment, just this very pure moment. I feel blessed to know Gabor and Nurit. They are treasures of pureness."

Stefan Hiene, author, spiritual mentor and coach

"Stunningly effective! This is a 'God-Book' that should be read several times."

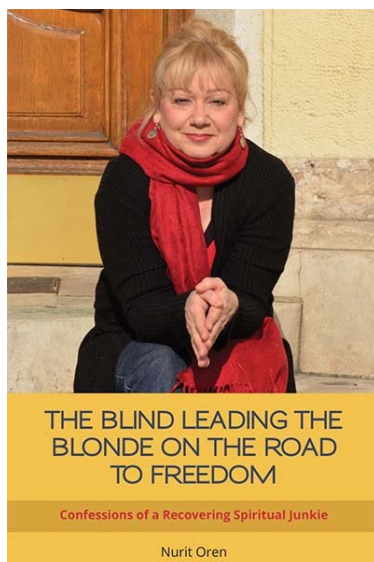

Bill Cael, international teacher and healer, founder of Soundbody Int.

Nurit Oren's Book

THE BLIND LEADING THE BLONDE ON THE ROAD TO FREEDOM: CONFESSIONS OF A RECOVERING SPIRITUAL JUNKIE

This is the story of Nurit's 40 years of intense spiritual seeking in several countries and with many teachers; the mistakes, the pitfalls and the elusive bliss along the way and, finally, spiritual finding and truths revealed! She holds nothing back. Her entire life is packed into those pages.

"After so many years I couldn't help but ask myself, 'Why am I still searching? If Truth is supposed to be simple and inside, why am I not getting it?'" says Nurit. "It was only after meeting Hungarian Master of Silence, Gabor Harsanyi, who guided me into the 'No-Thought Presence,' that the realization dawned on me that all my previous pursuits were none other than a mind with an ego attempting to become enlightened."

Nurit's book received great reviews in Hungary and around the globe. As a result, Nurit was invited to be one of the 17 speakers at The International Conference on the Soul, held in Budapest in Oct 2015, and Gabor was invited to be the key-note speaker at that event. It also got the attention of Iain McNay of Conscious.TV in London, UK, where both Nurit and Gabor were interviewed, and that of Rick Archer, who interviewed Gabor on Buddha at the Gas Pump.

A Few Book Reviews

"This book is FANTASTIC! Yes! Finally, someone wrote a 'spiritual' autobiography that is less than 500 pages, LOL, authentic, REAL, (expressed so that the everyday person can relate) to the point, truthful, entertaining, poignant, shows her vulnerability and FULL of eternal and PRACTICAL wisdom and TRUTHS!"

Katherine St. Clairre, Awareness coach, Oklahoma, USA

"I read your book from beginning to end and can't remember laughing out loud and so hard, ever! Congratulations! This book had to be written and you walked beautifully through the mine fields. Your narrative is extremely visual as well as hysterical. Your personal revelations endear you to your reader as well as invite him to check out his own perspective. This was a most important endeavor and will open many eyes."

Barbara Whiting Young, Managing Director of Robert A. Young & Associates, CA, USA

"This book should be translated into every language and published immediately! It is remarkable in its message and delivery. I read it in one sitting and was amazed at its clarity and wisdom."

Iby Duba, Cosmic Troubadour and language specialist, Budapest, Hungary

"Nurit's book is a book of an interesting, entertaining and at the same time a thought provoking adventurous true-life story of a person who is seeking for her birthright. This is definitely a book for those who are looking for enlightenment on their spiritual path no matter whether they are at the beginning of their own search or somewhere on that road. This is not another boring spiritual book, but an entertaining and on occasion laugh-out-loud journey in life. This book should be and deserves to be translated into many languages."

Vanda Toth, Hungarian language teacher at Semmelweis University, Budapest, Hungary

About Gabor

Gabor is a spiritual coach who frees people from thought addiction, allowing consciousness to awaken and to become the real guide.

Gabor escaped from communist Hungary at the age of 18. He arrived in Canada with a single-minded drive for power and wealth. By 30 he was a multi-millionaire, had a black belt in Hap-Kido, and had degrees in business and engineering. However, he was not at all happy and so turned to spirituality. He resided with and was initiated by a Shaman in Ecuador and lived in a forest in the U.S., attending Ramtha's School of Enlightenment. He also studied with many teachers and took every new age seminar possible. All these served as soul searching pacifiers with an occasional glimmer of “What a great experience! If only I could hang on to it a bit longer.”

Finally, at the age of 40, Gabor found his true Master – suffering. His suffering came in the forms of heartbreak, the loss of his family and his entire fortune, and suicidal depression. Through the grace of this newfound master, Gabor was able to surrender to Presence, the silence of nothing, where the capitulated mind takes a back seat and becomes the servant.

Having deepened his presence and integrating it into his life, Gabor developed many techniques and the ability to teach the indescribable. For the past 10 years, he has been offering seminars and private sessions, online and in several countries around the globe. In these sessions, Gabor not only guides people and teaches the techniques he has developed, but he also helps them deal with the mind's onslaughts by proxy.
